

QUALITY POLICY of Net Zero Carbon Solutions

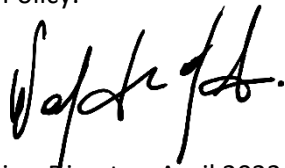

Net Zero Carbon Solutions LLC hereinafter referred to as "NZC"

All employees and contractors of NZC and its subsidiaries work to continuously improve products and services by exceeding customer expectations and fully meeting delivery commitments while delivering exceptional operating and financial results. NZC offers quality products and services by listening to customer needs and concerns, meeting contractual commitments, and continuously evaluating and improving the company's personnel, technology, and processes necessary for the exceptional delivery of products/services.

To achieve these results, NZC is committed to:

- a- Develop a visible leadership at all levels of line management that provides the necessary resources and creates an environment in which employees can operate effectively and deliver improvements to NZC's products, services and processes.
- b- Establish clear "Objectives and Objectives" that are established and monitored by management to deliver the Company's strategy and achieve the desired results for stakeholders.
- c- Provide an exceptional "Talent and Technology" leveraged to continuously improve products and services, thus improving customer satisfaction and generating value for the Company.
- d- Motivate and engage staff who are trained to anticipate customer needs and respond quickly and effectively in a rapidly changing industry and are rewarded for their initiative and efforts to improve operational performance, technology and customer service.
- e- Establish mutually beneficial contractor relationships that create long-term sustainable value for both NZC and its contracted companies.
- f- Develop strong "Quality Management Practices" to provide continuous improvement in our services and practices through compliance with international standards and industry regulations; the use of customer feedback, audits and management reviews to ensure that the quality system remains effective and able to meet the expectations of management and customers.
- g- Increase employee awareness, motivation and engagement through communication and promotion of this policy and associated objectives.
- h- Ensure the quality of management performance by:
 - Implementation of effective processes that meet customer requirements and meet business objectives.
 - Continuously improve the effectiveness of the management system by setting measurable objectives, analysing and reviewing feedback and acting on the results achieved through periodic reviews of NZC's Quality Management Policy and System.

All staff working for or on behalf of NZC have a responsibility to achieve specific objectives that work to support this Policy.
